

Buy Prices subject to change without notice.
 If you have any questions or concerns,
 please call or write. Unless specifically stated,
 I only purchase sound material.
 You may send material that is of "mixed condition,"
 as long as you're aware of the fact that I will be
 returning the stamps which are faulty.

CRAIG SELIG
P. O. Box 11725
Fort Wayne, IN 46860
craigselig@craigselig.com
www.craigselig.com
tel. 1-800-735-0073

A neat itemized invoice should be included with your shipment,
 and the stamps should be logically organized. I would also suggest
 you wrap your stamps in plastic, to avoid possible moisture damage.

Mint Material needs to be sent in a flat, NOT in a #10
 or #6 3/4 sized envelope. It has happened time and again
 that mint stamps sent in a normal "machineable" envelope
 wind up with substantial offset on the gum-side of any stamps
 laying over the top of any other stamps in the envelope.

Generally speaking I only purchase used stamps that are cancelled neatly in black. Stamps with red cancels, usually used on registered shipments, generally are not wanted. Similarly, stamps with local precancels are not wanted. With used stamps in particular, there should be no short perfs. Local precancels are not acceptable on used stamps.
